

Success in school
starts with a
good foundation:

St. Joseph Preschool

New! Afternoon Session for Pre-K4s

Parents are raving about their
childrens' preschool experience!

Excellent curriculum and teachers

"The program has a nice balance of academic, social, emotional and spiritual growth. The teachers truly care about our child's development."

Opportunity for parent interaction

"Parents are invited to be parent helpers, which is a great way to get to know the teachers, students and program."

Seamless transition to Kindergarten

"Our son had a very easy transition to Kindergarten. There was no anxiety because he knew the teachers already, and they knew him. He also knew most of his classmates."

Now Enrolling!
